About the Instructor

Since the mid 1960's, Dr. Richard Overfelt has been training teachers in the St. Louis area with his unique brand of mentoring and cooperative learning. Ricki Schwartz has joined him to expand the number of students served by this program. Unlike most traditionally-scheduled semester courses, Dr. Overfelt works with students to adapt learning opportunities to the unique life and time constraints faced by teachers and their families.

Dr. Overfelt's courses begin with an initial meeting on the designated start date and then schedules are adapted to meet the unique needs of students. We encourage students to consider Dr. Overfelt's courses if they need this kind of flexibility along with an empowering learning experience.

To Register

Dr. Overfelt encourages students in both his and Ms. Schwartz's sections to call him **BEFORE** enrolling in these courses, both to get input on their individual needs and to help address scheduling preferences and challenges.

Call Dr. Richard Overfelt at 636-532-3503.
